Water flows out of a small hole in the bottom of a vessel with a velocity equal to that which a ponderous body acquires in falling from a height, equal to the vertical height of the surface of the fluid above the aperture.

The same law takes place in a lateral orifice; for the pressure of the fluid is equal, at the same depth, in all directions, and consequently produces the same degree of velocity.

The quantities of a fluid discharged in the same space of time through different orifices, supposing the vessels equally full during the whole of the experiment.

It is found by experiment, that a

Therefore it were an object to ascertain

Mr Thompson Gork

238 Mr Thompson  
619 Sir, I am informed. Chris-  
tann intends to come to you  
see if he can settle the mat-  
ter with you. I beg to say that  
I shall not be satisfied unless  
he pays the Debt with every-  
thing with which he can be  
charged. He has a share in  
the house in which I live  
for which (if he does not find  
a better customer) I would  
give him forty pounds.  
~~I am assured~~ But if he will  
give good security upon his  
property for the amount of debt  
and costs I have no objection.  
The house is copy hold of  
the manor of Kithurst.  
I beg you will not on the least  
stay proceedings for you will  
find him

a complete sufferer.

July 22. Barnbridge said  
if Hutchinson for Easing  
would come for it I let  
him have —

Sir

Shan ato Benson

The Debt has called upon me with Copy Writ of Summons you have caused him to be served with herein claiming a Debt of 13.. 5.. 4 to be due from the Debt to the Plt— on the contrary of this being the case the Plt actually stands indebted to the Plt Debt in the sum of 12... 8 after giving him credit for the above sum of 13.. 5.. 4 with some other little payments payable the particulars of this act of the Debt amounting in the whole to 29.. 7 the Plt knows to be correct and that he stands indebted to Debt as above.

I thought it best to give you this explanation as no doubt the Plt has imposed upon you in order that you may

be aware of the nature of this  
case as no doubt the Plt as  
imposed upon you & in  
all probability he will in  
a very short time be off to  
America, however I shall  
certainly defend this suit  
if you proceed to Delar, but  
I shall hope after this expla-  
nation you will make some  
further inquiry with respect  
to the plt who is a well  
known character here.

It may be necessary to say  
that he married the Def's  
sister & the cause of this  
proceeding is that the Def  
distrained some little time  
ago for an arrear of Rent due  
to him from the Plt & in  
order to frighten him into  
some measures or other

He has got you to commence this action altho he well knows that he stands indebted to the Defr in the sum of 14.8 in balance of acct between them If you determine to proceed if you send your notice of Declor to me I will accept service of it & appear & plead to the action in behalf of the Defr

I am Sir Yours &

O Taylor

14. 8. Sir in answer to your Montreal  
letter I will deal fairly with  
you by giving things their proper  
names. You say I owe you  
14. 8. I say frankly it is false and  
that you yourself knows that is  
so. You then go on and say that  
I have no doubt imposed upon my  
attorney and that in all probability  
shall in a short time off to America.  
To the first I answer that I  
have not imposed nor ever tried to  
impose either upon my attorney  
or any one else but it is quite  
clear from your statement that  
you are base & unpolitic to try  
to impose upon my attorney  
by your deliberate & malicious  
falsehood. To the second I  
thank you for the second for  
your power that I am perfectly  
at liberty to go where I have

10 <sup>56</sup> 50 0. 6 0

carry me and at the same time  
I will tell you of a place before  
I finish this letter, even within  
your own township, into which  
you dared not thrust your  
nose - you next say that  
am a well known character  
here. Now sir I at once challenge  
you your client and even the whole  
circle of your acquaintance to  
change me with any action  
I ever did which would  
be discreditable to a honest  
man - if you do know of any  
thing of the sort give it a name  
and put it into shape and I will  
having said so show my Dear  
Mr Taylor as you have had the  
boldness and meanness to me

these assertions I will with  
your permission ask you  
two or three questions.

pray Sir are you the same  
Peter Taylor who was what  
is called window peeper for the  
Division of Claro and at the same  
time articled to an Attorney  
as his clerk for which he was  
~~stopped~~ double double industry  
when he was kicked out of his  
peepers place and began to  
practice as a Solicitor he was  
struck off the Rolls and obliged to  
serve a second clerkship before  
he was allowed a place in the  
profession
